On June 19, 2013, the Court received the two attached hand-written letters (subsequently translated) from Defendant Carlos Enrique Garcia. *Ex parte* contact with the Court is not permitted. To the extent any party wishes some action to be taken based upon the contents of the letters, the appropriate motion should be filed.

DATED this 20th day of June, 2013.

ANDREW P. GORDON UNITED STATES DISTRICT JUDGE My name is Carlos Enrique Garcia.

Good Morning your Honor, thank you for taking the time to read my letter. I have been incarcerated for one year. I feel terrible because I have not been able to see my children and I am afraid that something can happen to my son Giancarlo Garcia Murillo in Mexico, because his mother sent him there without my authorization and because she knows my life is in danger in Mexico. I am extremely afraid something may happen to him because he is my son. Truly, your Honor, I really regret having committed a wrong in this country and I am willing to do whatever is necessary to return to my children, my mother and my brothers and my wife abandoned me and she is the love of mi life to me and I feel extremely stressed because I have not been able to speak with her to find out how are my children. She is with a man and I know they sell so many drugs because a cousin of mine introduced him to her and my cousin knows this people to well because he works for Ismael "El Mayo" Zambada; and he passes the children too! The truth I cannot stay in Mexico because there are persons there who want me dead besides, we don't have a house and he followed my mother once and asked her about me because they are saying I stole money, which is not true. Besides, there is someone with my same name and last name in Mexico and he has a warrant; but I am not that person because that person is older than I. And if I leave this country it would mean a faster dead because any person who comes out of prison in Mexico, is investigated by the police and the people who want to take my life are very well connected with the police in Mexico. I need to speak with the Marshals in person. I need help. I feel really bad because I cannot stop thinking about what could happen to me in Mexico and I would leave my children destitute who are what I love most in life.

Thank you

Carlos Enrique Garcia

Your Honor,

I am sorry to bother you. Mother's eye sight is ill, among other things, but since my mother doesn't have enough money to undergo any testing, she doesn't know exactly what is wrong, I also have a sister with a debilitation similar to mine but mine was a result of an accident.

Here in N.S.D.C in Pahrump, NV. my disfigured foot has not been treated properly since I been incarcerated.

I was taken to ha hospital in North Las Vegas but they didn't do anything for me. The same here; I was taken to get some orthopedic shoes and instead of helping me walk, they injured my right foot more and I think they were not the right shoes they were supposed to give me and I it had continue. As a matter of fact it has been swollen lately. Here they only tell me to ice it when they know I need to see a specialist. The only thing I have been told here at the N.S.D.C in Pahrump is there is nothing they can do.

Well, your Honor sorry to bother you and for not been able to express myself in a better way. I'll await your response.

Thank you very much

Carlos Enrique Garcia
